3. What did you like most about the Webinar?

   I was interested to know you can configure the JVM to run a script on OOM. I learned several things I had never considered before

4. What could have been improved or better?

   Just a thought. It may be nice to have the confirmation email point to a location where links etc that are posted in the chat could be retrieved later, in case anyone forgets to copy them at the time

Thank You !

We really appreciate your time and feedback.
